

Heavy-Duty Blast Suit

Our Heavy Duty cotton and leather reinforced blast suit is the ultimate personal protection suit when abrasive blasting. The combination of design and high-quality materials used in the construction of our blast suit is best known to provide ultimate comfort, with superior resistance to rebounding abrasives, and general wear.

Advantages

- Light weight compared to most other full leather and rubber suits.
- Leather panels protects legs and arms, while the cotton body allows the suit to breathe.
- Cuffs can be tightened to keep out dust and abrasive.
- Ample sizing of the armholes and legs allows the operator greater freedom of movement.

Color/Construction

Blast Suit Red Cotton & Off-White Leather

Cleaning and Storage Instructions

Routine brushing and cleaning with a damp sponge; store in a clean, dry location, away from sunlight.

Product made in India
